

Building control services

Are you building houses, extensions or other building work in South Gloucestershire? If yes, South Gloucestershire Council Building Control service can help you.

Support services for you

- Free pre-application advice. Do you need a site visit prior to starting work? We can arrange a visit and give expert advice to help you when building work commences.
- Same day site inspections, so you won't be held up.
- Structural appraisal service included in the application fee.
- Very competitive rates for building regulation applications.
- Applications can be made over the phone. One call and we will do all the paperwork and checks for you. You may then be able to start work immediately - no red tape!
- We have a team of 10 surveyors with cover available every workday from 08.00 to 17.30.
- We are an established service with 30 years of experience. We will support you from the start, all the way through to completion, giving you the confidence that your work complies with all the regulations. At the end of the work we issue a valid completion certificate.
- Warranties available on all types of building work.
- Get recognition and raise your profile with our annual award scheme for build quality.
- Friendly, non-bureaucratic, practical, expert advice.
