## Type of Development

Delivering general needs homes in Bristol and South Gloucestershire

Delivering general needs homes across the West of England. Working on specialist provision including supported housing, Extracare housing, custom-build initiatives and work to bring empty homes back into use

Delivering general needs homes across the West of England. Working on specialist provision including supported housing initiatives and rural housing.

Working on custom-build initiatives in Bristol City

Working to delivery general needs affordable and market housing across the west of England. Also seeking to deliver ExtraCare housing and supported housing initiatives.

Work around bringing empty homes back into use and delivering supported housing projects primarily in North Somerset
