### Part B – Premises Licences

1. General Principles
   1.1 Location
   1.2 Duplication with other regulatory regimes
   1.3 Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
   1.4 Ensuring that gambling is conducted in a fair and open way
   1.5 Protecting children and other vulnerable persons from being harmed or exploited by gambling
   1.6 Conditions
   1.7 Door Supervisors
   1.8 Local Risk Assessments
2. Adult Gaming Centres
3. (Licensed) Family Entertainment Centres
4. Casinos
   4.1 Casinos and competitive bidding
   4.2 Licence considerations/conditions
   4.3 Betting machines
   4.4 Credit
5. Bingo premises
6. Betting Premises
   6.1 Betting machines
   6.2 Credit
7. Tracks
8. Travelling Fairs
9. Provisional Statements

### Part C - Permits/Temporary & Occasional Use Notices

1. Unlicensed Family Entertainment Centre gaming machine permits (Statement of Principles on Permits)
2. (Alcohol) Licensed premises gaming machine permits
3. Prize Gaming Permits - (Statement of Principles on Permits)
4. Club Gaming and Club Machines Permits
5. Temporary Use Notices
6. Occasional Use Notices
Part D – Decision making, complaints and reviews

1. Decision Making
   1.1 Committee Terms of Reference 23
   1.2 Allocation of Decision Making Responsibilities 23
2. Complaints against Licensed Premises 23
3. Reviews 23
4. Further Information 24

Appendix A – Responsible Authorities details 25
Appendix B – Table of Delegations of Licensing Functions 26
Appendix C - Glossary of terms 27
Appendix D – Consultees 29
Appendix E – Fees & charges 30
Appendix F – Map of South Gloucestershire 31
PART A
OVERVIEW

1. Introduction and Area Profile

1. South Gloucestershire Council is a Unitary Authority situated north and east of the city of Bristol. The Council area has a population of approximately 277,600 (ONS statistics published June 2017) making it the second largest in the South West region. In terms of area it covers 49,700 hectares, stretching from the River Severn in the west to the Cotswolds in the east. Its southern boundary skirts Bristol, abuts the River Avon and extends almost to Bath, and its northerly boundary lies beyond Falfield on the A38. The Council area is a mixed urban and rural district with a dispersed population that includes the towns of Bradley Stoke, Filton, Kingswood, Thornbury and Yate. There are five priority neighbourhoods in South Gloucestershire; the areas of Cadbury Heath, Kingswood, Staple Hill, Patchway, and Yate & Dodington; defined using the English Indices of Deprivation. A map of the district is shown at Appendix F.

2. The Council is the Licensing Authority under the Gambling Act 2005 and is responsible for granting premises licences and permissions in South Gloucestershire in respect of:-

- Casinos;
- Bingo Premises;
- Betting Premises;
- Tracks;
- Adult Gaming Centres (for category B3, B4, C and D machines);
- Family Entertainment Centres (for category C and D machines) (note that, separate to this category, the licensing authority may issue a family entertainment centre gaming machine permit, which authorises the use of category D machines only);
- Club Gaming Permits;
- Prize Gaming and Prize Gaming Permits;
- Temporary Use Notices; and
- Registration of small society lotteries

3. The Gambling Act 2005 requires the Council by 3rd January 2019 to prepare and publish a “Statement of Principles” at least every three years that sets out the policies that the Council will generally apply having regard to the Licensing Objectives when making decisions on applications made under the Act. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must then be re-published.

4. This fifth “Statement of Principles” has been prepared having regard to the provisions of the Guidance issued by the Gambling Commission and the licensing objectives of the Gambling Act 2005.

5. The statement was consulted on between August 2018 and October 2018 with final comments accepted up until the 28th October 2018. The results of the consultation were considered by the Regulatory Committee on 22nd November 2018.

6. The Act requires that Licensing Authorities carry out consultation of the Statement of Principles and that all of the following parties are consulted:

- The Chief Officer of Police.
- One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the Authority’s area.
- One or more persons who appear to the Authority to represent the interests of persons who are likely to be affected by the exercise of the Authority’s functions under the Act.
This Licensing Authority has consulted with these parties.

7. In addition to the above, the following have also been consulted: a range of organisations including voluntary and community organisations working with children and young people, organisations working with people who are problem gamblers, Primary Care Trust and advocacy organisations such as the Citizen’s Advice Bureau. There has also been consultation with other local government related services and local businesses who are, or will be, holders of an authorisation under the Gambling Act 2005. Consultees are stated at Appendix D, this list is not mandatory, nor exhaustive.

8. The list of persons consulted was deliberately wide and was accessible on the South Gloucestershire Council website. This enabled this Licensing Authority to undertake a comprehensive consultation exercise with anyone who may be affected by or otherwise have an interest in the Statement of Principles.

9. The formal Statement of Principles once agreed by Full Council on 12th December 2018 and will be available on South Gloucestershire Council’s website, at the Licensing office, Broad Lane, Yate, in South Gloucestershire libraries and One Stop Shops located at Kingswood, Yate and Patchway.

10. The fifth Statement of Principles will come into effect on the 31st January 2019 and will be reviewed as necessary, and at least every three years from the date of adoption.

2. Licensing Objectives

11. The Gambling Act 2005 requires that the Council carries out its various licensing functions having regard to the following three licensing objectives:-

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is carried out in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

3. Declaration

12. In producing its final policy statement, this Licensing Authority declares that it has had regard to the licensing objectives of the Act, the Guidance and Codes of Practice issued by the Gambling Commission, and any responses from those consulted on the draft Statement of Principles.

4. General Principles

13. Nothing in this Statement of Policy will:-

- Undermine the rights of any person to apply under the Act for a variety of permissions and have the application considered on its individual merits; OR
- Override the right of any person to make representations on any application or seek a review of a licence or permit where they are permitted to do so under the Act.

14. This Licensing Authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- In accordance with any relevant codes of practice issued by the Gambling Commission;
• In accordance with any relevant guidance issued by the Gambling Commission;
• Reasonably consistent with the licensing objectives; and
• In accordance with the authority's statement of principles.

15. It is appreciated that as per the Gambling Commission's Guidance for local authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" and also that unmet demand is not a criterion for a licensing authority to consider.

16. This Licensing Authority in carrying out its functions will not duplicate existing legislation and regulatory regimes that already place obligations on employers and operators.

17. Premises licences will be subject to the requirements set out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions which will be detailed in regulations issued by the Secretary of State. This Licensing Authority notes that it is able to exclude default conditions and also attach others, where it is believed to be appropriate.

18. The starting point in determining applications will be to grant the application without conditions. Conditions will only be considered where they are appropriate and proportionate to meet the requirements of the licensing objectives, and any conditions applied will be proportionate to the scale of the application and the risks involved. Conditions will generally be considered unnecessary if they are already adequately covered by either mandatory/default conditions or other legislation.

19. The Council, in undertaking its licensing function, will have due regard to the need to eliminate unlawful discrimination and to promote equality and good relations between persons of different racial groups.

5. Responsible Authorities

20. In accordance with Part 6 (16) of the Gambling Commission’s Guidance for local authorities, this authority designates the Local Safeguarding Children Board for the purpose of advising them on the protection of children from harm.

21. The details of the Responsible Authorities under the Gambling Act 2005 are shown at Appendix A. Whilst the Public Health Authority is not a statutory responsible authority under the Act, this Licensing Authority has due regard to the statutory guidance, “a policy of wide dissemination of applications allows responsible authorities to take action under their own legislation and enforcement powers, even if there is no direct role for them in the premises licensing process for gambling”.

6. Interested Parties

22. Section 158 of the Act defines interested parties. To accept a representation from an interested party, the licensing authority must take the view that the person:

• Lives sufficiently close to the premises to be likely to be affected by the authorised activities
• Has business interests that might be affected by the authorised activities
• Represents persons in either of these two groups

This Licensing Authority will apply the following principles in determining an interested party:

• Each case will be decided upon its merits. This Licensing Authority will not apply a rigid rule to its decision making. It will consider the principles provided in the Gambling Commission’s Guidance for local authorities at Part 5. It will also consider the Gambling Commission’s Guidance at Part 8 (9-17) in regard interested parties, including those with business interests.
• The Gambling Commission has recommended that the licensing authority states that interested parties include trade associations and trade unions, and residents’ and tenants’ associations (Gambling Commission Guidance for local authorities Part 8 (16)). This Licensing Authority will not however generally view these bodies as interested parties unless they have a member who can be classed as an interested person under the terms of the Gambling Act 2005 i.e. lives sufficiently close to the premises to be likely to be affected by the activities being applied for.

• Interested parties can be persons who are democratically elected such as Councillors and MP’s. No specific evidence of being asked to represent an interested person will be required as long as the Councillor/MP represents the ward likely to be affected. Likewise, Parish Councils likely to be affected, will be considered to be interested parties. Other than these however, this Licensing Authority will generally require written evidence that a person/body (e.g. an advocate / relative) ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.

23. If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Sub-Committee dealing with the licence application. If there are any doubts then please contact this Licensing Authority whose details are given at the end of this document under the further information heading.

7. Exchange of Information

24. The principle that this Licensing Authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 2018 will not be contravened. This Licensing Authority will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

25. Should any protocols be established as regards information exchange with other bodies then they will be made available.

8. Enforcement

26. This Licensing Authority’s proposed principles are that it will be guided by the Gambling Commission’s Guidance for local authorities and it will endeavour to be:

• Proportionate: regulators should only intervene when necessary and remedies should be appropriate to the risk posed, and costs identified and minimised;
• Accountable: regulators must be able to justify decisions, and be subject to public scrutiny;
• Consistent: rules and standards must be joined up and implemented fairly;
• Transparent: regulators should be open, and keep regulations simple and user friendly; and
• Targeted: regulation should be focused on the problem, and minimise side effects.

27. As per the Gambling Commission’s Guidance to Licensing Authorities, this Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

28. This Licensing Authority, as recommended by the Gambling Commission’s Guidance for local authorities, has adopted a risk rating based inspection programme with a complete audit trail. This Licensing Authority also acknowledges the Gambling Commission’s own Licensing compliance and enforcement policy statement, published June 2017. This Licensing Authority
is committed to continued partnership working with local gambling businesses, in conjunction with the Gambling Commission.

29. This Licensing Authority will, in carrying out its enforcement function, have regard to;
   - The licensing objectives
   - Relevant Codes of Practice
   - Guidance issued by the Gambling Commission, in particular, at Part 36
   - The principles set out in this statement of licensing policy

30. The main enforcement and compliance role for this Licensing Authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission is the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by this Licensing Authority but will be notified to the Gambling Commission.

31. This Licensing Authority will also keep itself informed of developments as regards the work of Department for Business, Energy and Industrial Strategy (BEIS) in its consideration of the regulatory functions of local authorities.

32. This Licensing Authority will seek to work actively with the Police in enforcing licensing legislation and intends to establish protocols with the Avon and Somerset Constabulary, the Avon Fire and Rescue Service, and other Council bodies such as Environmental Health, Trading Standards and Safeguarding Children Board on enforcement issues to ensure an efficient deployment of Officers.

33. Bearing in mind the principle of transparency, this Licensing Authority’s enforcement policy and joint protocol will be available upon request from the Licensing Service.

9. Licensing Authority functions

Licensing authorities are required under the Act to:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences
- Issue Provisional Statements
- Regulate members’ clubs and miners’ welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at Unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- Register small society lotteries below prescribed thresholds Issue Prize Gaming Permits
- Receive and Endorse Temporary Use Notices
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section above on ‘information exchange’)
- Maintain registers of the permits and licences that are issued under these functions
34. It should be noted that local licensing authorities are not involved in licensing remote gambling at all. This falls to the Gambling Commission via operating licences.

10. Legislation

35. In undertaking its licensing function under the Gambling Act 2005, the Council is also bound by other legislation, including:

- Anti-Social Behaviour Act 2003
- Data Protection Act 2018
- Equality Act 2010
- Environmental Protection Act 1990
- Health Act 2006
- Health and Safety at Work Act 1974
- Human Rights Act 1998
- Section 17 of the Crime and Disorder Act 1988
PART B
PREMISES LICENCES

1. General Principles

36. In the Act, ‘premises’ is defined as including ‘any place’. Section 152 therefore prevents more than one premises licence applying to any place. But, there is no reason in principle why a single building could not be subject to more than one premises licence, provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. This approach has been taken to allow large, multiple unit premises such as pleasure parks, tracks, or shopping malls to obtain discrete premises licences, where appropriate safeguards are in place. However, licensing authorities should pay particular attention if there are issues about sub-division of a single building or plot and should ensure that mandatory conditions relating to access between premises are observed.

37. This Licensing Authority takes note of the Gambling Commission’s Guidance for local authorities which states that:

- By distinguishing between premises types the Act makes it clear that the primary gambling activity of the premises should be that described. Thus, in a bingo premises, the primary activity should be bingo, with gaming machines as an ancillary offer on the premises. This principle also applies to existing casino licences (but not 2005 Act casinos) and betting premises licences. The latest issue of the Licence Conditions and Codes of Practice sets out in full the requirements on operators. Subject to the gaming machine entitlements which various types of licence bring with them (and except in the case of tracks), the Act does not permit premises to be licensed for more than one of the activities at paragraph 2.
- Licensing authorities should take particular care in considering applications for multiple premises licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:
  - The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating.
  - Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.
  - Customers should be able to participate in the activity named on the premises licence.
- In determining whether two or more proposed premises are truly separate, the licensing authority should be aware of factors which could assist them in making their decision. Depending on all the circumstances of the case, these may include:
  - Is a separate registration for business rates in place for the premises?
  - Is the premises’ neighbouring premises owned by the same person or someone else?
  - Can each of the premises be accessed from the street or a public passageway?
  - Can the premises only be accessed from any other gambling premises?
38. A licence to use premises for gambling should only be issued in relation to premises that this Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.

If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made instead.

In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at a premises, this Licensing Authority will determine applications on their merits, applying a two stage consideration process:

- First, whether the premises ought to be permitted to be used for gambling
- Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

Applicants should note that this Licensing Authority is entitled to decide that it is appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence.

1.1 Location

39. This Licensing Authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission’s Guidance for local authorities; this Licensing Authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific policy be proposed as regards areas where gambling premises should not be located, this statement will be updated with evidence based reasoning, and be fully consulted upon. It should be noted that any such policy does not preclude any application being made and each application will be determined on its own merits.

1.2 Duplication with other regulatory regimes

40. When dealing with a premises licence application for finished buildings, this Licensing Authority will not take into account whether those buildings have to comply with the necessary planning or buildings consents. Fire or health & safety risks will not be taken into account, as these matters are dealt with under relevant planning control, buildings and other regulations and must not form part of the consideration for the premises licence. It will though, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.

This Licensing Authority has noted the principles set out in the Regulators Code.

1.3 Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

41. This Licensing Authority is aware that the Gambling Commission takes a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance does however envisage that licensing authorities should pay attention to the proposed location of gambling premises in terms of this licensing objective. Thus, where an area has known high levels of organised crime this authority will consider carefully whether gambling premises are suitable to be located there and whether conditions may be suitable such as the provision of door supervisors. This Licensing Authority is aware of the distinction between disorder and nuisance and acknowledges that issues of nuisance cannot be addressed via the Gambling
Act provisions. Disorder issues will be discussed with the licence holder and Police, and nuisance issues will initially be discussed with or referred to Environmental Health before discussing with the licence holder.

42. Applicants are encouraged to discuss the crime prevention procedures in their premises with the Council’s Licensing Officers and Avon and Somerset Constabulary before making a formal application.

43. In considering licence applications, this Licensing Authority will particularly take into account the following:

- The design and layout of the premises;
- The training given to staff in crime prevention measures appropriate to those premises;
- Physical security features installed in the premises. This may include matters such as the position of cash registers or the standard of CCTV that is installed;
- Where premises are subject to age restrictions, the procedures in place to conduct age verification checks; and
- The likelihood of any violence, public order or policing problem if the licence is granted

1.4 Ensuring that gambling is conducted in a fair and open way

44. This Licensing Authority has noted that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences. There is however, more of a role with regard to tracks which is explained in more detail in the 'tracks' section below.

1.5 Protecting children and other vulnerable persons from being harmed or exploited by gambling

45. This Licensing Authority has noted the Gambling Commission's Guidance for local authorities states that this objective means preventing children from taking part in gambling (as well as restriction of advertising so that gambling products are not aimed at or are, particularly attractive to children). This Licensing Authority will therefore consider, as suggested in the Gambling Commission’s Guidance, whether specific measures are required at particular premises, with regard to this licensing objective. Appropriate measures may include supervision of entrances/machines, segregation of areas etc.

46. This Licensing Authority has noted the South Gloucestershire Safeguarding Children Board stated principles:

- protecting children from maltreatment;
- preventing impairment of children’s health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes

In general, to co-ordinate the work carried out by the various agencies to safeguard children and promote their welfare and to ensure that this work is carried out effectively.

47. This Licensing Authority is also aware of the Codes of Practice which the Gambling Commission issues as regards this licensing objective, in relation to specific premises such as casinos.

48. As regards the term “vulnerable persons” it is noted that the Gambling Commission is not seeking to offer a definition but states that “it will for regulatory purposes assume that this
group includes people who gamble more than they want to; people who gamble beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.” This Licensing Authority will consider this licensing objective on a case by case basis. Should a practical definition prove possible in future then this policy statement will be updated.

1.6 Conditions

49. Any conditions attached to licences will be proportionate and will be:
   - Relevant to the need to make the proposed building suitable as a gambling facility;
   - Directly related to the premises and the type of licence applied for;
   - Fairly and reasonably related to the scale and type of premises; and
   - Reasonable in all other respects

50. Decisions upon individual conditions will be made on a case by case basis, this Licensing Authority will consider utilising conditions, such as the use of supervisors, appropriate signage for adult only areas etc. with evidence based reasoning. There are specific comments made in this regard under some of the licence types below. This Licensing Authority will also expect the licence applicant to offer his/her own suggestions as to way in which the licensing objectives can be met effectively.

51. This Licensing Authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises when having regard to the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

52. This Licensing Authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:
   - All such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
   - Only adults are admitted to the area where these machines are located;
   - Access to the area where the machines are located is supervised;
   - The area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
   - At the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18

These considerations will apply to premises including buildings where multiple premises licences are applicable.

53. This Licensing Authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this Licensing Authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

54. It is noted that there are conditions which this Licensing Authority cannot attach to premises licences which are:
   - Any condition on the premises licence which makes it impossible to comply with an operating licence condition;
• Conditions relating to gaming machine categories, numbers, or method of operation;
• Conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated; and
• Conditions in relation to stakes, fees, winning or prizes

1.7 Door Supervisors

55. The Gambling Commission advises in its Guidance for local authorities that licensing authorities may consider whether there is a need for door supervisors in terms of the licensing objectives of protection of children and vulnerable persons from being harmed or exploited by gambling, and also in terms of preventing premises becoming a source of crime. It is noted though that the door supervisors at casinos or bingo premises require to be licensed under the Private Security Industry Act 2001.

56. This Licensing Authority therefore has specific requirements for door supervisors working at casinos or bingo premises and these are that they are licensed under the Private Security Industry Act 2001. These requirements are consistent with the standards set by the Gambling Commission for door supervisors. This is in recognition of the nature of the work in terms of searching individuals, dealing with potentially aggressive persons, etc.

57. For premises other than casinos and bingo premises, operators and licensing authorities may decide that supervision of entrances/machines is appropriate for particular cases but if door supervision is required by this Authority it will be a requirement that such persons are licensed under the Private Security Industry Act 2001. This Licensing Authority will make a door supervision requirement only if it is appropriate and proportionate to meet the licensing objectives. Particular emphasis will be paid in betting premises as to whether the premises can be adequately supervised from the counter.

1.8 Local Risk Assessments

58. The new code provision of 10.1, Assessing local risk, under the revised licence conditions and codes of practice (LCCP) from the Gambling Commission commenced in April 2016. Under this provision it states:

Licensees should share their risk assessment with licensing authorities when applying for a premises licence or applying for a variation to existing licensed premises, or otherwise on request.

This Licensing Authority acknowledges the aim of local area profiles and risk assessments is to build up a picture of the locality, and in particular the elements of it that could be impacted by gambling premises. Applicants submitting a new or variation application for a premises licence therefore must take these elements, as stated in LGA guidance, into account as part of their local risk assessments.

2. Adult Gaming Centres

59. This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises.

60. This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate and proportionate measures/licence conditions may cover issues such as:

• Proof of age schemes
- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

3. Licensed Family Entertainment Centres

61. This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

62. This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate and proportionate measures/licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

63. This Licensing Authority will, as per the Gambling Commission’s Guidance, refer to the Commission’s website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. This Licensing Authority will also make itself aware of any mandatory or default conditions on these premises licences published by the Gambling Commission.

4. Casinos

64. This Licensing Authority has not passed a ‘no casino’ resolution under Section 166 of the Gambling Act 2005, but is aware that it has the power to do so. Should this Licensing Authority decide in the future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be made by the Full Council.

4.1 Casinos and competitive bidding

65. This Licensing Authority is aware that where a licensing authority area is enabled to grant a premises licence for a new style casino (i.e. the Secretary of State has made such regulations under Section 175 of the Gambling Act 2005) there are likely to be a number of operators which will want to run the casino. In such situations the local authority will run a ‘competition’
under Schedule 9 of the Gambling Act 2005. This Licensing Authority will run such a
competition in line with any regulations/codes of practice issued under the Gambling Act 2005.

4.2 Licence considerations/conditions

66. This Licensing Authority will attach conditions to casino premises licences according to the
principles set out in the Gambling Commission’s Guidance at Part 9, bearing in mind the
mandatory conditions listed in Part 17 of the Guidance, and the Licence Conditions and
Codes of Practice published by the Gambling Commission.

4.3 Betting machines

67. This Licensing Authority will, as per the Gambling Commission's Guidance, take into account
the size of the premises, the number of counter positions available for person-to-person
transactions, and the ability of staff to monitor the use of the machines by children and young
persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering
the number/nature/circumstances of betting machines an operator wants to offer.

As regards the protection of vulnerable persons, applicants may wish to consider the provision
of information leaflets/ helpline numbers for organisations such as GamCare.

4.4 Credit

68. This Licensing Authority has noted that the Gambling Commission has stated in its Guidance
for local authorities that “Section 177 does not prevent the licensee from permitting the
installation of cash dispensers on the premises. Any automated telling machine (ATM) made
available for use on the premises shall be located in a place that requires any customer who
wishes to use it to leave any gaming machine or betting machine in order to do so.

5. Bingo premises

69. This Licensing Authority notes that the Gambling Commission’s Guidance states the following:

Part 18 (5); “Licensing authorities will need to satisfy themselves that bingo can be played in
any bingo premises for which they issue a premises licence. An operator may choose to vary
their licence to exclude a previously licensed area of that premises, and then apply for a new
premises licence, or multiple new premises licences, with the aim of creating separate
premises in that area. Essentially providing multiple licensed premises within a single
building or site. Before issuing additional bingo premises licences, licensing authorities
need to consider whether bingo can be played at each of those new premises.”

Part 18 (7); “Children and young people are allowed into bingo premises; however they are
not permitted to participate in the bingo and if category B or C machines are made available
for use these must be separated from areas where children and young people are allowed.”

This Licensing Authority also notes the Guidance at Part 18 (8) and 18 (9) regarding the
unusual circumstances in which the splitting of a pre-existing premise into two adjacent
premises might be permitted, and in particular that it is not permissible to locate eight
category B gaming machines, restricted to sub-category B3 and B4 machines, in one of the
resulting premises, as the gaming machine entitlement for that premises would be exceeded.

6. Betting Premises

6.1 Betting machines
70. This Licensing Authority will, as per the Gambling Commission’s Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. While the licensing authority has discretion as to the number, nature and circumstances of use of betting machines this Licensing Authority will consider limiting the number of machines only where there is evidence that such machines have been or are likely to be used in breach of the licensing objectives.

As regards the protection of vulnerable persons, applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

6.2 Credit

71. It has also been noted that the Gambling Commission Guidance states: “Section 177 does not prevent the licensee from permitting the installation of cash dispensers on the premises. Any automated telling machine (ATM) made available for use on the premises shall be located in a place that requires any customer who wishes to use it to leave any gaming machine or betting machine in order to do so. It is also understood that the Gambling Commission will be placing restrictions and requirements on Operating Licences for betting premises as regards credit and this Licensing Authority will consider the guidance.

7. Tracks

72. This Licensing Authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission’s Guidance, this Licensing Authority will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

73. This Licensing Authority will therefore expect the premises licence applicant to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided.

74. This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate and proportionate measures/licence conditions may cover issues such as:

- Proof of age schemes
- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.
75. This Licensing Authority notes the Commission's Guidance at Part 20 (33-38) that licensing authorities therefore need to consider the location of gaming machines at tracks, and applications for track premises licences will need to demonstrate that. Children and young persons are not prohibited from playing category D gaming machines on a track.

76. This Licensing Authority will, as per the Gambling Commission's Guidance, take into account the size of the premises and the ability of staff to monitor the use of betting machines (also known as bet receipt terminals) by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. It will also take note of the Gambling Commission's suggestion that licensing authorities will want to consider restricting the number and location of such machines in respect of applications for track betting premises licences.

77. The Gambling Commission has advised in its Guidance for local authorities that “licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office.”

78. To ensure that licensing authorities gain a proper understanding of what they are being asked to license they should, in their licensing policies, set out the information that they will require, which should include detailed plans for the racetrack itself and the area that will be used for temporary “on-course” betting facilities (often known as the “betting ring”) and in the case of dog tracks and horse racecourses fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities. And that “Plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence.”

79. This Licensing Authority also notes that in the Commission’s view, it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises.

8. Travelling Fairs

80. It will fall to this Licensing Authority to decide whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

81. This Licensing Authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

82. It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year, and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This Licensing Authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

9. Provisional Statements

83. Developers may wish to apply to this authority for provisional statements before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence.
84. Section 204 of the Gambling act provides for a person to make an application to the licensing authority for a provisional statement in respect of premises that he or she:

- Expects to be constructed;
- Expects to be altered; or
- Expects to acquire a right to occupy

85. The process of considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.

86. In contrast to the premises licence application, the applicant does not have to hold or have applied for an operating licence from the Gambling Commission (except in the case of a track) and they do not have the right to occupy the premises in respect of which their provisional application is made.

87. An application for a provisional statement must be accompanied by plans and the prescribed fee.

88. Once the premises are constructed, altered or acquired the holder of a provisional statement can put in an application for the necessary premises licence. A premises licence application for a premises where the applicant already holds a provisional statement for that premises attracts a lower application fee. This Licensing Authority will treat this application in accordance with Section 205 of the Act. This Licensing Authority notes that, in the absence of a requirement that an applicant for a provisional licence must have the right to occupy the premises, there may be more than one valid provisional statement in respect of the same premises.

89. Where a provisional statement is granted, this Licensing Authority is constrained in the matters it can consider when an application for a premises licence is made subsequently in relation to the same premises.

90. In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant’s circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- which could not have been raised by objectors at the provisional licence stage; or
- which is in the authority’s opinion reflect a change in the operator’s circumstances; or
- where the premises has not been constructed in accordance with the plan and information submitted with the provisional statement application. This must be a substantial change to the plan and licensing authorities should discuss any concerns they have with the applicant before making a decision

91. This Licensing Authority has noted the Gambling Commission’s Guidance that “A licensing authority should not take into account irrelevant matters. One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for the proposal."
PART C
PERMITS/TEMPORARY & OCCASIONAL USE NOTICE

1. Unlicensed Family Entertainment Centre (FEC) gaming machine permits
   (Statement of Principles on Permits)

92. The Guidance to the Act states: “An application for a permit may be granted only if the
    licensing authority is satisfied that the premises will be used as an unlicensed Family
    Entertainment Centre, and if the Chief Officer of Police has been consulted on the application”

93. This Licensing Authority proposes to consider asking applications to demonstrate:
   - A full understanding of the maximum stakes and prizes of the gambling that is permissible
     in unlicensed FECs;
   - A fully detailed premises plan for the positioning of gaming machine/s, to ensure access
     controls;
   - That the applicant has no relevant convictions (those that are set out in Schedule 7 of the
     Act); and
   - That staff are trained to have a full understanding of the maximum stakes and prizes

It should be noted that a licensing authority cannot attach conditions to this type of permit.

94. With regard to renewals of these permits, a licensing authority may refuse an application for
    renewal of a permit only on the grounds that an authorised Local Authority Officer has been
    refused access to the premises without reasonable excuse, or that renewal would not be
    reasonably consistent with pursuit of the licensing objectives.

95. Gaming Machines - The Act does not allow gaming machine applications from premises where
    children have free access. In view of this, and having regard to the licensing objectives, this
    Licensing Authority will therefore not accept any new gaming machine applications or renewal
    applications from existing gaming machine permit holders in relation to such places. This will
    include the following:

    * Accommodation Agencies, Art Galleries, Assembly Rooms, Bus Stations, Railway Stations,
    * Cafes, Canteens, Cinemas, Theatres, Schools and Colleges, Youth Clubs, Swimming Pools,
    * Off Licences, Loan Offices, Church Halls, Banks, Car Hire Premises, Employment Agencies,
    * Garden Centres, Hospitals, Museums, Nurseries, Sales Rooms, Showrooms, Surgeries,
    * Hotels, Registered Homes, Garages and Service Stations, Retail Shops and Warehouses,
    * Video Hire/Sale Premises, Shopping Arcades/Centres, Dance Halls/Discotheques,
    * Salons/Hairdressing Premises, Snooker/Billiards and Pool Halls, Taxi and Private Hire Offices
    * and Banks, Car Hire Premises, Employment Agencies,
    * Garden Centres, Hospitals, Museums, Nurseries, Sales Rooms, Showrooms, Surgeries,
    * Hotels, Registered Homes, Garages and Service Stations, Retail Shops and Warehouses,
    * Video Hire/Sale Premises, Shopping Arcades/Centres, Dance Halls/Discotheques,
    * Salons/Hairdressing Premises, Snooker/Billiards and Pool Halls, Taxi and Private Hire Offices
    * and Banks, Car Hire Premises, Employment Agencies,
    * Garden Centres, Hospitals, Museums, Nurseries, Sales Rooms, Showrooms, Surgeries,
    * Hotels, Registered Homes, Garages and Service Stations, Retail Shops and Warehouses,
    * Video Hire/Sale Premises, Shopping Arcades/Centres, Dance Halls/Discotheques,
    * Salons/Hairdressing Premises, Snooker/Billiards and Pool Halls, Taxi and Private Hire Offices
    * and Banks, Car Hire Premises, Employment Agencies,
    * Garden Centres, Hospitals, Museums, Nurseries, Sales Rooms, Showrooms, Surgeries,
    * Hotels, Registered Homes, Garages and Service Stations, Retail Shops and Warehouses,
    * Video Hire/Sale Premises, Shopping Arcades/Centres, Dance Halls/Discotheques,
    * Salons/Hairdressing Premises, Snooker/Billiards and Pool Halls, Taxi and Private Hire Offices

    This is not an exhaustive list and this Licensing Authority reserves the right to refuse
    applications where the licensing objectives are likely to be undermined.

2. Alcohol Licensed premises - gaming machine permits

96. There is a provision in the Act for premises licensed to sell alcohol for consumption on the
    premises, to automatically have 2 gaming machines, of categories C and/or D. The premises
    licence holder is required to notify the licensing authority by completing the requisite
    application form and pay the prescribed fee and also comply with any relevant Code of
    Practice issued by the Gambling Commission (Section 282). The licensing authority can
    remove the automatic authorisation in respect of any particular premises if:

    • Provision of the machines is not reasonably consistent with the pursuit of the licensing
      objectives.
- Gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);
- The premises are mainly used for gaming; or
- An offence under the Gambling Act has been committed on the premises.

97. If a premises wishes to have more than 2 machines, then it needs to apply for a permit and this Licensing Authority must consider that application having regard to the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “such matters as they think relevant.” This Licensing Authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Measures which will satisfy the authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons, applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

98. It is recognised that some alcohol licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult Gaming Centre premises licence.

99. It should be noted that this Licensing Authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

100. It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

### 3. Prize Gaming and Prize Gaming Permits

101. This Licensing Authority’s Statement of Principles are that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:
- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law; and
- clear policies that outline the steps to be taken to protect children from harm.

102. In making its decision on an application for this type of permit this Licensing Authority does not need to have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

103. It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:
- The limits on participation fees, as set out in regulations, must be complied with;
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- Participation in the gaming must not entitle the player to take part in any other gambling.
4. Club Gaming and Club Machines Permits

104. The Gambling Commission Guidance states: "Members clubs must have at least 2 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members’ club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations."

105. The Gambling Commission Guidance also states that "licensing authorities may only refuse an application on the grounds that:"

- The applicant does not fulfil the requirements for a members' or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- The applicant’s premises are used wholly or mainly by children and/or young persons;
- An offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- A permit held by the applicant has been cancelled in the previous ten years; or
- An objection has been lodged by the Commission or the Police.

106. There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission’s Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced." and "The grounds on which an application under the process may be refused are:

- That the club is established primarily for gaming, other than gaming prescribed under schedule 12; or
- That in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- That a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled; or
- There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

5. Temporary Use Notices

107. There are a number of statutory limits as regards Temporary Use Notices. It is noted that it falls to this Licensing Authority to decide what constitutes a 'set of premises' where Temporary Use Notices are received relating to the same building/site (see Gambling Commission's Guidance for Local Authorities). In considering whether a place falls within the definition of a “set of premises” the licensing authority needs to look at, amongst other things, the ownership/occupation and control of the premises.

108. This Licensing Authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commission's Guidance to licensing authorities.

6. Occasional Use Notices

109. This Licensing Authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This Licensing Authority will though consider the definition of a ‘track’ and whether the applicant is permitted to avail him/herself of the notice.
This Licensing Authority takes note of the Gambling Commission’s Guidance for local authorities which requires licensing authorities to submit returns showing how many occasional use notices were received during each quarter to the Gambling Commission.
PART D
DECISION MAKING, COMPLAINTS & REVIEWS

1. Decision Making

1.1 Committee Terms of Reference

111. The Committee’s terms of reference will be set out in the Council’s Constitution. The terms of reference will be guided by Regulations issued under the Act.

1.2 Allocation of Decision Making Responsibilities

112. These responsibilities will be set out in the Council’s constitution. The table shown at Appendix B indicates how the delegation of functions is currently allocated.

2. Complaints against licensed premises

113. The Council will investigate complaints against licensed premises in matters relating to the licensing objectives for which it has responsibility. In the first instance, complainants are encouraged to raise the complaint directly with the licence holder or business concerned to seek a local resolution.

114. Where an interested party has made either a valid representation about licensed premises or a valid application for a licence to be reviewed, the Council may initially arrange a conciliation meeting to address and clarify the issues of concern.

115. This process will not override the right of any interested party to ask that the Licensing Sub-Committee consider their valid objections, or for any licence holder to decline to participate in a conciliation meeting.

116. When dealing with a complaint about a licensed premises this Licensing Authority will have due regard to this Council’s Enforcement Policy.

3. Reviews

117. Requests for a review of a premises licence can be made by interested parties or responsible authorities; however, it is for this Licensing Authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below:

- In accordance with any relevant code of practice issued by the Gambling Commission;
- In accordance with any relevant guidance issued by the Gambling Commission;
- Reasonably consistent with the licensing objectives; and
- In accordance with the authority’s statement of licensing principles.

Requests for reviews will not be considered by this Licensing Authority where:

- The request is frivolous or vexatious;
- Where it will not cause the authority to consider altering, revoking or suspending the licence;
- Where it is substantially the same as previous representations or requests for review.

118. This Licensing Authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate.
4. Further information

119. Further information about the Gambling Act 2005, this Statement of Principles or the application process can be obtained from:-

- Elected Members of South Gloucestershire Council
- South Gloucestershire Town and Parish Councils
- Citizens Advice Bureau
- GamCare
- Gamblers Anonymous
- BeGambleAware
- Licensed Victuallers Association
- Responsibility in Gambling Trust
APPENDIX E

FEES & CHARGES

The Council will set fees for licences, permits and notices at a level that will recover the costs incurred by the Council for administration, issue and enforcement of that type of licence, permit or notice.

The Council will not intend to make a surplus from providing these services.

Review of Fees

The fees will be reviewed annually between January and March for implementation on 1st April following the review.

The Council reserves the right to review the fees at any time.

The list of current fees and charges is set out on the Council website, http://www.southglos.gov.uk/documents/Licensing-fees-charges-2018-19-v1.pdf, and this list will be updated following a review of fees and charges.

The annual review will be submitted to the Regulatory Committee for consideration.
