Dear Tom

Re: HLF Submission Ref. HG-15-04570 – Winterbourne Medieval Barn

The above application has been submitted via the on-line system.

As you will be aware from the previous application and subsequent discussions, this bid has been led by South Gloucestershire Council (SGC) working with Winterbourne Medieval Barn Trust (WMBT).

The long term intention is that WMBT will be granted a long term lease on the site/facility by SGC once the asset is able and fit to fulfil its potential of being self-sufficient.

Some Supporting Information has been uploaded with the Application Form, but there is limited scope within the system. As advised during our recent meeting with Nerys, additional information is attached to this email.

We have prepared an Executive Summary which covers the structure of the supporting documents.

Please contact me if you require any further information

Yours sincerely
